Procedure for Disclosure of Crime Statistics

Crime Statistics

The Office of the Director is responsible for collecting crime reports submitted by campus personnel, students, members of the public, and local law enforcement agencies for inclusion in this Annual Campus Security Report.

A formal police report or criminal investigation is **not required** for an incident to be included in the institution's crime statistics. All crimes reported during a calendar year are included in the statistics for that reporting year, regardless of when the incident occurred.

Crime statistics are compiled for the following categories:

- On-campus property
- Non-campus buildings or property
- Public property

Campus refers to any building or property owned or controlled by the institution within the same reasonably contiguous geographic area and used in direct support of its educational purposes.

Nouvelle Institute operates the following locations:

Main Campus
3271 NW 7th Street, Suite 106
Miami, Florida 33125

Hialeah Branch Campus
500 West 49 Street, Suite 500-L
Hialeah, Florida 33012

.

Public Property includes all public streets, sidewalks, thoroughfares, and parking facilities located within or immediately adjacent to and accessible from the campus.

Crime statistics for offenses required under the **Clery Act**, including criminal homicide, sex offenses, robbery, aggravated assault, burglary, motor vehicle theft, arson, liquor law violations, drug law violations, weapons violations, hate crimes, and other reportable offenses, are presented at the end of this report.

The crime statistics are reported separately for the **Miami Main Campus** and the **Hialeah Branch Campus**.

Note: Nouvelle Institute – Hialeah Branch does not maintain on-campus housing, residential facilities, or non-campus residential property for students.

Reporting Criminal Activities and Emergencies

All students, employees, and visitors are encouraged to report immediately any known criminal offense or emergency occurring on campus to the School Administration Office at:

Miami Main Campus: (305) 643-3360

Hialeah Branch Campus: (305) 557-3017

Emergency: Dial **911**

For non-emergency situations, individuals may complete **Form #202 – Incident Record**, available at the Reception Desk.

All individuals are also encouraged to report criminal activity promptly to the appropriate law enforcement agency. The Campus Director will report all known criminal offenses to the appropriate law enforcement authorities whenever necessary.

Because police reports are public records under Florida law, Nouvelle Institute – Hialeah Branch cannot guarantee confidential reporting of criminal incidents.

In the event of an emergency, students should immediately dial **911** and then notify the Campus Director. For non-emergency situations, all criminal incidents should be reported directly to the Campus Director.

Emergency Reporting Procedures

The Campus Director will contact the appropriate emergency response personnel and, when appropriate, provide timely notification of the incident to students and employees.

The Campus Director maintains a log of all reported criminal incidents.

Nouvelle Institute – Hialeah Branch encourages all students and employees to report crimes promptly. Crime reports may be submitted confidentially whenever permitted by law. While on campus and in everyday activities, all members of the campus community are encouraged to remain aware of their surroundings and to take personal responsibility for their own safety as well as the safety of others.

Confidential Reporting Procedures

If you are the victim of a crime and choose not to pursue action through the institution or the criminal justice system, you are still encouraged to submit a confidential report.

With your permission, the Campus Director may document the details of the incident without disclosing your identity. The purpose of confidential reporting is to respect your privacy while enabling the institution to take appropriate steps to promote the safety and security of the campus community.

Information obtained through confidential reports allows the institution to:

- Maintain accurate records of reported incidents.
- Identify patterns of criminal activity based on location, method, or offender.
- Notify the campus community of potential safety concerns when appropriate.
- Include reportable incidents in the institution's Annual Campus Security Report, as required by the Clery Act.

All qualifying incidents reported in this manner are included in the institution's annual crime statistics without identifying the individuals involved.

Reports to Pastoral and Professional Counselors

Nouvelle Institute – Hialeah Branch does not employ Pastoral Counselors or Professional Counselors as those terms are defined under the Clery Act. Therefore, the institution does not maintain policies or procedures encouraging such counselors to inform individuals about voluntary and confidential crime reporting for inclusion in the Annual Campus Security Report.

Timely Warnings

If the Office of the Director determines that a criminal incident occurring on or near campus represents a serious or continuing threat to students or employees, the institution will issue a **Timely Warning** to the campus community.

Timely Warnings may be distributed through:

- Printed notices delivered to classrooms;
- Campus bulletin boards;
- Other communication methods deemed appropriate by the institution.

When available, the warning will include:

- Nature of the incident;
- Date and time;
- Location;
- Description of the incident;
- Information regarding any known suspect(s), when appropriate and legally permissible;
- Instructions for reporting additional information; and
- Safety recommendations help reduce the risk of similar incidents.

The institution will withhold information that could compromise law enforcement efforts or identify victims, consistent with applicable law.

Preparation of the Annual Crime Report

Each year, the Campus Director compiles all criminal incidents reported to the institution together with crime statistics obtained from local law enforcement agencies serving the campus and the surrounding areas frequented by students.

The Annual Campus Security Report is prepared in accordance with the requirements of the **Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act** and is published and distributed annually no later than **October 1**.

Nouvelle Institute – Hialeah Branch does **not** employ campus police officers or proprietary security personnel. Responsibility for maintaining a safe campus environment is shared by all employees and is coordinated by the Campus Director.

Institutional officials are authorized to request identification from individuals on campus and to determine whether they have a legitimate reason to be on school property. However, school personnel are **not** law enforcement officers, have **no arrest authority**, and do not have a formal memorandum of understanding or other special law enforcement authority with state or local police agencies.

Crime Prevention Programs

Nouvelle Institute – Hialeah Branch is committed to promoting a safe and secure learning environment through crime prevention education and awareness.

All new students and employees receive information regarding the institution's campus security policies, crime reporting procedures, emergency response protocols, and personal safety practices as part of the orientation process.

To enhance personal safety, members of the campus community are encouraged to:

- Lock vehicle doors and secure personal belongings.
- Avoid the use of illegal drugs and the excessive consumption of alcohol.
- Never leave valuables unattended or in plain view.

- Avoid walking alone in parking areas, particularly after dark.
- Always remain aware of your surroundings.
- Immediately report suspicious activity or criminal behavior to school officials or local law enforcement.

In addition, **at least once each year**, the institution sponsors a crime prevention and personal safety presentation conducted by a representative of a local law enforcement agency. These educational sessions are designed to increase awareness of crime prevention strategies, emergency preparedness, and personal safety for students and employees.

Violence Against Women Act (VAWA)

Nouvelle Institute – Hialeah Branch strictly prohibits all forms of:

- Domestic Violence
- Dating Violence
- Sexual Assault
- Stalking

These offenses are defined and reported in accordance with the **Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act** and the **Violence Against Women Reauthorization Act (VAWA)**.

On **March 7, 2013**, the **Violence Against Women Reauthorization Act of 2013 (Public Law 113-4)** was signed into law. The Higher Education Act (HEA) incorporates the following definitions for Clery Act reporting purposes.

Definitions

1. Domestic Violence

Domestic Violence means a felony or misdemeanor crime of violence committed by:

- A current or former spouse or intimate partner of the victim;
- A person with whom the victim shares a child in common;
- A person who is cohabiting with, or has cohabited with, the victim as a spouse or intimate partner;

- A person similarly situated to a spouse of the victim under the domestic or family violence laws of the applicable jurisdiction; or
- Any other person against an adult or juvenile victim who is protected under the domestic or family violence laws of the applicable jurisdiction.

---

2. Dating Violence

Dating Violence means violence committed by a person:

- Who is or has been in a social relationship of romantic or intimate nature with the victim; and
- Where the existence of such a relationship is determined based on consideration of:
  - The length of the relationship;
  - The type of relationship; and
  - The frequency of interaction between the individuals involved.

Dating Violence includes, but is not limited to:

- Physical abuse;
- Sexual abuse; or
- Threats of physical or sexual abuse.

Dating Violence **does not** include acts that meet the definition of Domestic Violence.

Stalking

Stalking means engaging in a course of conduct directed at a specific person that would cause a reasonable person to:

- Fear for their own safety or the safety of others; or
- Suffer substantial emotional distress.

Definition of Consent

For purposes of this policy, **consent** is defined as:

"A clear, voluntary, informed, and unambiguous agreement, expressed through mutually understandable words or actions, to engage in a specific sexual activity."

Consent must be obtained before and throughout any sexual activity and may be withdrawn at any time.

Consent Should Never Be Assumed

Everyone is responsible for ensuring that consent has been obtained before engaging in any sexual activity. If there is any uncertainty regarding a partner's willingness to participate, consent should be clarified before initiating or continuing the activity.

Consent should **never** be inferred from:

- **Body language, appearance, or non-verbal communication.** The way a person dresses, smiles, looks, or behaves does not constitute consent.
- **Dating relationships or previous sexual activity.** A current or previous dating relationship or prior sexual contact does not imply ongoing consent.
- **Marriage.** Marriage or any other intimate relationship does not eliminate the requirement for consent. Sexual assault within a marriage is a serious criminal offense.
- **Previous consent.** Consent to one sexual act does not constitute consent to any other sexual act or to future sexual activity.
- **Silence, passivity, lack of resistance, or immobility.** A person's silence or failure to resist physically or verbally should never be interpreted as consent.
- **Incapacitation.** A person who is incapacitated due to alcohol, drugs, or any other condition is unable to provide valid consent. Alcohol or drug use can impair judgment and decision-making and may render an individual incapable of giving consent.

Community-Based Training and Prevention Strategies

Nouvelle Institute – Hialeah Branch determines the appropriate prevention and awareness strategies based on the needs of its campus community. Prevention and awareness training is conducted **at least every six months**.

Educational programs are designed to promote safety, increase awareness of interpersonal violence, encourage prevention, and provide information about available institutional and community resources.

Risk reduction information is presented in a manner that does not blame victims for the crimes committed against them.

Bystander Intervention

Bystander Intervention refers to safe and positive actions that individuals may take to prevent harm or intervene when there is a risk of:

- Dating Violence
- Domestic Violence
- Sexual Assault
- Stalking

Effective bystander intervention includes:

- Recognizing situations that may lead to harm.
- Understanding institutional or cultural factors that may contribute to violence.
- Overcoming barriers that discourage intervention.
- Identifying safe and appropriate methods of intervention.
- Taking responsible action when it is safe to do so.

Risk Reduction

Risk reduction consists of strategies intended to:

- Reduce the likelihood of violence and criminal behavior.
- Encourage active bystander intervention.
- Empower individuals to make informed decisions that promote personal safety.

Nouvelle Institute – Hialeah Branch conducts **at least one emergency response and evacuation drill each year**.

Emergency drills are conducted on an **unannounced basis** whenever possible and are scheduled at times when most students, faculty, and staff are expected to be on campus.

The institution maintains an **Emergency Response Log** in the Office of the Campus Director documenting:

- The date of each drill;
- The time of the drill;
- The nature of the emergency response exercise; and
